

Introduction

[Booking.com](https://www.booking.com) is the planets number one accommodation site with over 13000 employees worldwide. The [Booking.com](https://www.booking.com) head office is based in Amsterdam which is where most of the technology team is based. We currently have over 1200 Developers, designers, product owners and data scientists working together on making [Booking.com](https://www.booking.com) the best and most user friendly website to use. This is made up of around 60 different nationalities so as you can see [Booking.com](https://www.booking.com) aim to bring the highest quality people from all over the world to Amsterdam.

We actually have a Graduate program open, aimed specifically at talented developers, designers and data scientists! The [Booking.com](https://www.booking.com) graduate program is a one year program, where you have an amazing opportunity to be a part of a leading e-commerce company, rotating in different teams. It's a full time position, with the opportunity to then be offered a permanent position the following year.

About the Graduate program;

What do you need to bring? A can do attitude from the first day, a driving curiosity, a desire to create real impact, and no fear of any challenge. **What do you get in return?** You'll work with and learn from the best and brightest in the industry. You will contribute to our ever-expanding business from day one, impacting our millions of customers from around the globe. You will have the chance to work with 3 different teams over the year so it really gives you a great opportunity to see many sides of a huge international organization such as [Booking.com](https://www.booking.com). If you are a student or graduate ready to contribute to a global effort and help people find the perfect place to stay, then please send your cv to adam.reid@booking.com. For more information on the roles we haven open please see below. We're also hiring Graduate Data Scientists, Graduate Product Owners and Graduate UX Designers, however that role is not open on our website at the moment. If you're interested in hearing more though, please send your CV over to Adam as well!

Schedule of event 17/10/2016

- **Company Presentation with Tomasz Pieta (12:00 - 13:00)**
 - Tomasz is a former student of the University of Macedonia and now Senior UX Designer at [Booking.com](http://www.booking.com). He would like to introduce you to the company, and share insights into how the technology department works. He will share his experiences of moving to Booking, relocating to Amsterdam and provide some useful tips to the students on how to be competitive in the international technology market
- **Presentation on the graduate program at [Booking.com](http://www.booking.com) (13:00 - 13:30)**
 - Adam Reid, one of the graduate recruiters, will talk to you more about the graduate program that we have to offer, including the relocation offers and the potential opportunities for growth at [Booking.com](http://www.booking.com)
- **Interviews with candidates (13:30 - 16:00)**
 - We will conduct pre arranged interviews with students of the University during the day as well. If you are interested in taking part in these interviews then please send your CV to adam.reid@booking.com and they will be in contact to discuss this with you. Please also mention which role you would be interested in. The interviews will last around 30 - 45 minutes each and will be centered around your technical abilities, communication and business sense. While the interviews are taking place, others will have the opportunity to speak with representatives of [Booking.com](http://www.booking.com) to ask questions and discuss potential opportunity. Please feel free to bring your CV along on the day to pass on as well.
- **Drinks and Networking (16:00 - 18:00)**
 - Of course we will finish the day on a positive note! At the end of the day we will provide drinks and snacks, and would love to meet all of you to further discuss, or answer any questions!
