

Junior SAP Consultant – Logistics or Financials (f/m/d)

based in Thessaloniki, to help us implement our challenging international client projects.

What we expect from you ...

You will be working on client projects under your mentor's supervision supporting your mentor within the framework of our training program. In this context we encourage you to be curious, to practice, to study and to learn.

What you will learn during your junior year ...

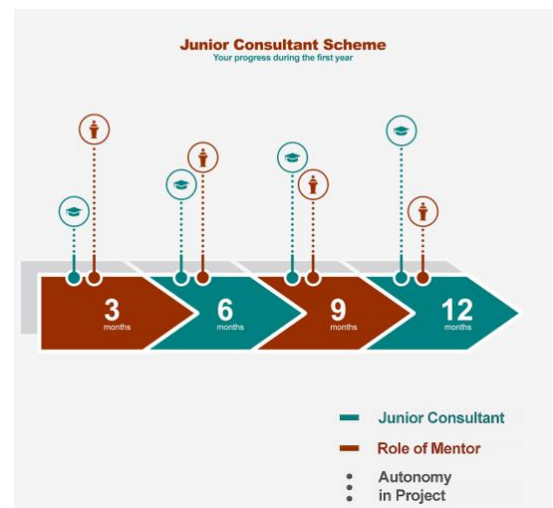

In your first year as Junior Consultant you will learn essential consulting skills. By and by, you will be assigned smaller tasks to complete on your own, such as customizing, documentation, training and ABAP programming

What you need to succeed ...

- University degree in computer science above-average
- Technical affinity as well as interest in applied informatics
- Focus on business administration processes such as accounting, controlling, logistics
- English and German language skills on C-Level (CEFR)
- Ability to work in a team, commitment and self-initiative
- Eagerness to learn how to implement, customize and develop a SAP ERP solution

What we offer to successful candidates ...

- Constant support so that you become a valued and reliable team member in various SAP implementation projects
- Trustful collaboration with a clear commitment to long-term employment
- A positive, open and appreciative company culture
- Active support for your personal and professional development, including building up your skills in new technologies (Fiori/UI5, HANA etc.)
- A well-equipped workplace with modern IT infrastructure and flexible work mode
- An attractive remuneration package, higher than the Greek market's average

We are ... a company of flat hierarchies, with an open-door policy where everyone is available and approachable. We have a fair and open style of communication. We hire people to learn from them as well as to teach them, but above all we hire them to share the challenges of our exciting projects. If you are ready to take on responsibility in this environment, you have excellent chances of realizing your full potential at consolut.

What makes us unique ... is our ability to think our way into each client's situation. Combined with many years of experience, this ability allows us to offer our clients excellent solutions that are tailored to their needs.
