

We are hiring!

Junior SAP Consultant - Logistics or Financials (all genders)

Thessaloniki, Greece

Your responsibilities

In your first year as Junior Consultant you will learn essential consulting skills. You will be working on client projects under your mentor's supervision, supporting your mentor within the framework of our training program. In this context we encourage you to be curious, to practice, to study and to learn. Gradually, you will be assigned small tasks to complete on your own, such as:

- Customizing
- Documentation
- Training
- ABAP Programming

Our requirements

- University degree in computer science
- Technical affinity as well as interest in applied informatics
- A focus on business administration processes, such as accounting, controlling, logistics
- Very good English language skills
- Ability to work in a team, commitment and self-initiative
- Eagerness to learn how to implement, customize and develop a SAP ERP solution

Interested in applying?

Then we would love to hear from you!

What we can offer

- Constant support so that you become a valued and reliable team member in various SAP implementation projects
- Trustful collaboration with a clear commitment to long-term employment
- A positive, open and appreciative company culture
- Active support for your personal and professional development, including building up your skills in new technologies (Fiori/UI5, HANA etc.)
- A well-equipped workplace with modern IT infrastructure and flexible work mode
- An attractive remuneration package, higher than the Greek market's average
